"I'm upgrading my system and looked at a lot of 17" monitors. Opiques® has several I can afford and they're perfect for any application I'm using."

Tired of scrolling through spreadsheets? Eyes hurt from looking at small images? Frustrated by having windows piled on top of each other on your small screen monitor? Perhaps it's time you upgrade to a larger screen! Fortunately, Optiplex has a 17" (16.0" viewable) monitor for every application and every budget.

Need a high-performance monitor? Choose the Optique V75. Its fast refresh rate, high resolution, excellent dot pitch and ultra bright screen produces extremely sharp images and vivid colors to easily handle demanding graphics applications.

Want great performance at a great price? The Optique V73 is built on a tradition of Editors' Choice awards, boasting a 0.26mm dot pitch, high resolution and high refresh rate.
